Spring has sprung!

*And in springtime, a young ham's fancy turns to Hamfests...
(be they young or young-at-heart)*

Greater Baltimore Hamboree & Computerfest Timonium MD April 6-7

One of the largest hamfests in the region; there are often caravans of Philadelphia area hams that trek down for this one.

Saturday, April 6, 8 AM to 5 PM
Sunday, April 7, 8 AM to 3 PM
Outdoor Tailgating opens at 6 AM both days Talk-in 146.67-, 449.625- W3FT Repeater More information is available though 410-HAM-FEST (426-3378) or online at <http://www.gbhc.org>

WARC Hamfest 2002 at the Middletown Grange May 5

The Warminster Amateur Radio Club will be hosting their Hamfest 200 on Sunday May 5, 2002 at the Middletown Grange Fairgrounds, Penns Park Rd, Wrightstown, PA (for you GPS/APRS folks, that's N40°15'51" W74°59'16").

The gates open at 7 am, where the donation will be \$5.00 per person, unlicensed spouses and children under 13 are free. Food and beverages will be available, as well as WAS field checking and an equipment check-out table. VE testing will begin at 10:30am.

Talk-in traffic will be on 2m repeater at 147.09 MHz (+offset), 70cm repeater at 443.95MHz (+offset), and on 2m simplex 146.52 MHz.

The gates open to vendors at 6 am. Unlimited outdoor tailgating space is available at \$10.00 per car-width space, and approximately 70 indoor spaces are available at \$15.00 per table, with electricity available at selected locations.

More WARC Hamfest information is available at the WARC website: <http://www.k3dn.org>, and through:

Hamvention® 2002 Dayton OH May 17-19

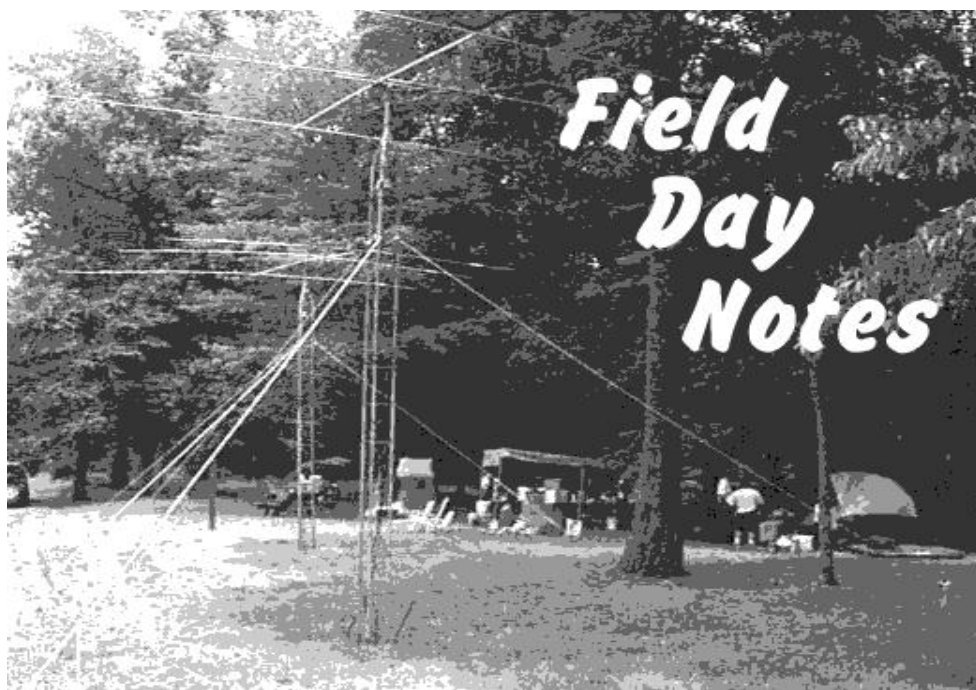

This is **the** big hamfest of the year, with 2,500 outdoor vendors spaces and over 500 indoor exhibit spaces, and draws hams from all over the country. Overnight accommodations can be difficult to come by without advance planning. Several groups of hams from the Philadelphia area will be making the journey. There is frequently HF mobile and APRS operation enroute to and from the Hamvention.

This year the convention is emphasizing the Public Service and Emergency Communications aspects of the hobby.

For the first time in Hamvention history, wedding vows will be exchanged at the show. Cyndi Krieger and Mark Elliot, N8WZW, will be married at Hamvention, Saturday, May 18, at 3 PM in Forum Room 3.

Special Event Station, W8BI will be in operation during the week of Hamvention, May 13 - 19.

See <http://www.hamvention.org> for more information.

de **WU3I**, FD Chairman:

Something new for this year the old Novice/Tech station has been replaced by a GET ON THE AIR (GOTA) station. This Station can make up to 400 contacts and can earn a 100 point bonus. This is a class for generally inactive, Novice or Techs and non-licensed operators. If anyone is interested in setting up a GOTA station at Field Day please contact Steve **WU3I**.

Last month I omitted the Digital Band Captian **WA3KIO** Fred, Sorry about that Fred.

I have contacted the park and put us on the list and hopefully all is well there. More to come in May and June. **Most info will be passed at the June Meeting where Field Day will be the program.** Please contact me for ordering a Tee Shirt or Pin from the ARRL. The deadline is MAY 1! **I am Making Only One Order.**

de **K3XS**, Satellite band captain:

This year we will be bringing a multimode portable station including a Linux-based computer to provide real-time satellite tracking and packet capabilities, and to provide demonstrations of APRS, RTTY, AMTOR, SSTV, and

PMRC 2002 Field Day Band Captains

75/80m	W3AYT

Satellite, Packet, Demonstration	K3XS & NG3P with W3STW on antennas and WU3I on amplifiers

custom software for computerized rig control.

The station will also be PSK-31 and MFSK-16 capable, and so can serve as a backup for **WA3KIO**'s Digital Modes station. We'll also be looking into experimenting with computerized rig control as a tool for spotting band activity and passing that information to the appropriate operators.

We're looking forward to having much better satellite antennas this year, thanks to Al **W3STW**; with the heavy tree canopy over the FD site a high-gain antenna on VHF and UHF downlinks is essential.

WU3I is providing VHF and UHF amplifiers, so our uplinks will have a bit more punch too. Perhaps this year we'll be as fortunate as we were last year in having an active Field Day station in space on board the International Space Station (ISS); if so, we'll certainly be trying to make a voice contact. If not, we'll be mounting a significant effort to make a contact digipeated though the ISS, and we'll display the ISS downlink data as a demonstration on every pass, and perhaps make some FD contacts that way, QRM permitting.

Emergency Service and Public Service ...more important than ever

It seems like everywhere you look these days there's a heightened awareness of the importance of Public Service and especially Emergency Communications in amateur radio. The Dayton Hamvention this year has even set Emergency Communications as it's theme.

At the March PMRC general meeting, Red **W3RED** mentioned the importance of ARES/RACES participation, which reminded me that becoming active with my local RACES organization was something I was always "going to get around to doing".

In my case, that's Montgomery County PA, whose Emergency Operations Center is only minutes from my home. The Montgomery County RACES folks operate the N3ACL repeater on 2m and 440MHz, several packet nodes, and the W3EAG 6m repeater. I was delighted to discover that they now have an on-line enrollment form, so if you live in Montgomery County it couldn't be easier.

Nor has Bucks County PA ARES/RACES been idle--George **W3PXY** was kind enough to send along a clipping with the headline "Hams help out a county in a crisis" from the March 14 *Intelligencer Record*, reporting that the Tinicum and Nockamixon Emergency Management Agencies are looking

into buying their own amateur radio equipment and adding the 85 members of ARES/RACES to their list of volunteers.

With Hazardous Weather Awareness Week just past (with several emergency test transmissions from NOAA Weather Radio repeated through the link to our W3QV/R) and hurricane season officially beginning June 1 (see next page), we're reminded that Skywarn is another emergency volunteer organization with heavy amateur radio participation.

Public Service news – W3PS *de W3CH*

The big news is that the 446.625 repeater is now on the air in Upper Pottsgrove PA. The repeater is running very well and has a PL of 156.7 Hz. It is also linked to the network full time. All are most welcome to give it a try.

The Link Controller for Ocean City NJ has been repaired out at the factory and is on its way back. We hope to have it reinstalled next week end. While the controller was out we sent the 223.98 back to the Maggiore factory in West Chester PA for the latest updates and a fan kit. Our back up repeater has been

on line (223.98) while the controller and main repeater are off line.

Our Glassboro NJ remote receive site is offline as well. We have it back at the Maggiore Factory adding a 223.36 receiver so we will have both two meters and a 220 remote receivers at this site.

All of the rest of the repeaters are on line @ 100%. We are planing some big add ons to the Cape May NJ county area this spring and summer we will keep every one posted.

Do not forget to check into the Monday night net @20:00 hrs for updated info.

The new round-table net has gotten back on each and every Sunday night @20:00 hrs. John, **N3FPM** is the host of this Sunday night net. Join in on the fun.

It's time to sign up for this year's public service events! The MS walk as well as the MS-150 forms are down loadable from the Phil-Mont web site.

—continued next page—

Where to find the Metro-Comm Monday night net?

Ocean City NJ	147.285 (PL-146.2) 223.98 (PL-156.7)
Philadelphia	147.315 (PL-67.0)
Chester PA	147.315, 224.96, 443.05, (PL-156.7) 1240.0 (DPL-024)
Eagleville PA	224.68 (PL-156.7)
Upper Pottsgrove	446.625 (PL-156.7)
South Mountain	224.40 (PL-156.7)
Bingham NY	224.68 (PL-156.7)

The MS people will be mailing out forms to all the Hams on the mailing list. If you are not on the mailing list, please contact Charlie **W3WF** at w3wf@aol.com, or w3wf@w3ch.#sepa.pa.usa.noam

Updates to the events will be given out on the Monday night net @20:00 hrs.

Please get the forms in early it makes it much easier on us that do the work before the events. I would like to thank every one who has already sent in there forms!

Charlie is looking for a few net controls and a few back up net controls for Monday nights. Please contact **W3WF** if you would like to learn or be a net control.

ARRL EPA Section News

Congratulations to the Hams from Carbon and Lehigh Counties for a job well done. The two RACES groups led by James Kelly, **KA3UQP**, in Carbon County and Jeff Kelly, **N3MFT**, in Lehigh County were activated after a fire broke out at the Cedarbrook County Home.

Over two dozen Hams were dispatched to various locations. The groups were active for over twenty-four hours and some were reactivated a couple of days later to assist in coordinating the return of the patients to the facility. This is another example of the outstanding work performed by many Hams across the country. The fine

Hurricane Season Frequencies

(TNX to W3CH)

Whenever a hurricane is within 300 miles of land in the northern western hemisphere, the Hurricane Watch Net is operational on 14325.0 khz USB. The Hurricane Watch Net provides communication between the National Hurricane Center and the affected areas. During a communication emergency, W1AW transmits special voice bulletins on the hour on 3990, 7290, 14290, 18160, 21390, 28590.

possible in anticipation of this move by the QST editors. While we do see the value of having the Section News in QST, especially for hams without Internet access, we also understand why the effort of marshaling Section News on a nationwide basis has a serious impact on QST's editorial schedule.]

This information will be available on the ARRL web site. Each of the ARRL Affiliated Clubs should have at least one Official Bulletin Station (OBS) within their membership. The traditional function of the OBS is described as copy up-to-the-minute news from W1AW and retransmit them locally for the benefit of amateurs in a particular coverage area who may not be equipped to receive the information directly. Certainly this should be expanded to cover internet information as well.

The day may come when all amateurs have Internet capabilities but we certainly are far from that point now. In addition to one or more Official Bulletin Stations each of the Affiliated Clubs should make sure that they also have other members who serve as Public Information Officer, (PIO); Local Government Liaison (LGL); Technical Specialist, (TS) and Official Emergency Station, (OES).

Word from Fred Serota, **K3BHX**, is that PRB-1 for Pennsylvania is ready to be submitted to the legislature.

example of emergency communications by the Hams in Carbon and Lehigh should help serve as a wake-up call to those counties that do not have and organized ARES/RACES group in place.

Another wake-up call has already been issued in another matter. It is quite evident from recent events that the "Section News" and more importantly contest results will soon no longer be printed in "QST".

[ed. -- We're going to start carrying the EPA Section News in the Blurb when

W3AA

de **WU3I**

At this writing the Special event is just past the halfway mark and I have received and sent 5 certificates out. If there is any info that is needed please feel free to contact me.

I have not heard from Kenwood about the 950 nor Byron in California about the 570.

The edge or the console area closest to the door to the back room has a loose carpet. Please take care, as I have not had the time to come down and fix it. If you are able to fasten it back down please do so. Please remember that the Museum cleaning staff have no access to the station, and it is our responsibility to keep the station clean.

PMRC HT night

The following PMRC members have signed up as presenters for **HT Night** at the April general meeting of PMRC:

Steve **WU3I**
Paul **N3PSO**
Jim **W3BBB**
Raoul **AA3VF**
Carl **WB0CPR**
Ed **KB3IV**
Mike **W7MM**

HT Night will feature presentations from club members in good standing about their HT, including how to program memories, how to access repeaters, emergency operations and radio specifications.

Come on out and enjoy the competition as these folks vie for the prize of a brand-new Icom IC-T2H handi-talkie. You might even learn a thing or two about portable operation.

--**TNX to W3STW for the info.**

March Board Of Directors Meeting

The meeting was held at the home of Ed **KB3IV** and Sharon **N3GLU**. In attendance were: Mike **K2BN**, Al **W3STW**, Fred **WA3KIO**, Dick **W3RM**, Steve **WU3I**, Bill **W3AOK**, Jim **W3BBB**, and Ed **KB3IV**.

Mike **K2BN**, Treasurer's report: Compared to last year, we have more in reserve. Expenses are down with Bill **W3AOK** helping with the Blurb printing. Al made the motion to accept the treasurer's report.

Al **W3STW** has obtained the Icom HT for the prize on HT night in April. Ed **KB3IV** will present it. The last time to register will be at the March general meeting.

Meeting dates will be changed for the month of May due to scheduling conflict at the Franklin Institute. The dates will be announced in the Blurb.

Steve **WU3I**, has asked for volunteers to take a few positions from him. Gwen and Maggie have offered to build a scholarship page on Philmont's website.

Sunshine, which would require finding who is under the weather

and taking care of mailing get well cards. Also, someone to handle archives, which would require storing, and sorting the material Steve now has in his possession. See Steve if you can help.

Everything is working at W3AA. The 950 is back at Kenwood for service. The first cards have come in to W3AA for the month long special event station.

Jim **W3BBB**: The Southampton offsite has been down and will be back shortly.

New members: Steve Walko **K3PHL** and David Staples **KB3HIU** had pending applications. Steve made a motion to accept both as new Philmont members. Welcome Steve and David.

Dick **W3RM**: FAR scholarship applications are out.

Up coming public service events: April 21 Ridley Creek MS Walk. See Charley **W3WF** or Russ **W3CH**. First Union Bike Race. See Bill **W3AOK** if interested.

Al **W3STW** is looking for a central meeting place for mid-month meetings.

Next meeting will be at the home of Steve **WU3I** and Joanne **N3FTC**. Al made a motion to adjourn the meeting. Steve seconded it. Thanks to Ed **KB3IV** and Sharon **N3GLU** for hosting the meeting.

73 de **WA3KIO**

March PMRC General Meeting

Charlye **K3CJ** reported 28 people in attendance. Ed **KB3IV** called the meeting to order.

Steve **WU3I** reported that the first 4 special event station certificates are going out. Field Day has changed this year with region 2 expanded to all of North, South and Central America. Also added is a GOTA, "Get On The Air" station. Field Day shirts and pins will be ordered. See Steve if you are interested. Cut off date is May 1.

Steve needs people to take some of the chores. He is looking for someone to take archives and sunshine committees. Maggie and Gwen will be building a Scholarship web page.

Ed **KB3IV**: Nets are running fine. Please check into the 75-meter and 10 meter nets if you have the capabilities. See Ed if you are interested in becoming a net control.

Red **W3RED**: Anyone living in Montgomery County and interested in public service, should hook up with Montgomery County RACES.

Upcoming events: MS walks coming in April. On the 21st is Ridley Creek Park, Moorestown, NJ. April 28 is the Elmwood Zoo in Norristown. On May 5 is the one at the Art Museum, Tyler State Park, the Boardwalk in Atlantic City and Valley Forge State Park.

Applications are on Philmont's web site or call Russ **W3CH** or Charlie **W3WF**. Their phone numbers are

in the Blurb. Also in September are the MS150 City To Shore Bike Tour and also the First Union Bike Race. See Bill **W3AOK** for info on the First Union event.

The Southampton offsite has been down and will be up shortly. Al **W3STW** spent a day at W3AA and spent time taking care of some minor problems. He hopes that everyone involved will help do a good job on maintenance. Thanks to all who help run the station.

HT night will be next month's meeting. This is your chance to bring your HT and do a short dissertation on 1: programming the memories 2: accessing repeaters 3: emergency operation and 4: specifications. The prize will be a brand new Icom T2H 2 meter HT. The audience will judge the participants. At this time Ed introduced our guest speaker Bob Josuweit **WA3PZO** with his presentation "Ham Radio At War".

- October.-**W3CH, KB3AFH**
- December-**KA3EIP**

Looking ahead...

We're planning on topics to focus on in future issues:

May	Digital Modes
June	Field Day (of course)
July	DX and paper chasing
August	Satellites and space
September	MS150 and public service

We're always open to input and suggestions for topics of interest to our readers, and welcome submissions. Drop your editors a line at k3xs@arrl.net

" I ...want to assure you that your federal government is doing everything we can to make sure that there is not an emergency... But should there be a need for a response, I want to thank you all for helping your communities be prepared."

—President George W.Bush, January 31, 2002
